## **CORE COMPETENCIES AND CURRICULUM**

**VxTrain:**

**Training in Vaccination Acceptance Behaviour Change for frontline health workers**

Project Coordinator: ASPHER

Scientific Coordinator: University of Pavia, Italy  
July 2021-June 2022

Commissioned work for ECDC to develop vaccine acceptance training for frontline health care workers developed by a consortium of ASPHER schools from Italy, Portugal, Austria and Spain. The curriculum training was rolled out by ECDC with a 'training of trainers' course held in Bucharest from December 7-9, 2022, on communication strategies to promote vaccine acceptance and uptake. Thirty-two participants from 11 countries (Bulgaria, Croatia, Czechia, Estonia, Hungary, Latvia, Lithuania, Poland, Romania, Slovakia, Slovenia) took part in the interactive, two and a half day training. The aim was for participants to cascade the learnings by developing adapted trainings for their own countries.

### **Core Competencies in Applied Infectious Disease Epidemiology Technical Report**

Description: In a project commissioned by ECDC, a mixed-methods approach was applied to bring together different European partners from the policy, practice and academic sectors. This involved a literature review, as well as a qualitative and quantitative data collection and validation process. The result of this process was the production of a framework, listing 157 competencies grouped into six subject areas.

Published: 08 April 2022

### **4th CONFERENCE-DEBATE: Health Education Challenges of the 21st Century**

Organiser: Comité mondial pour les apprentissages tout au long de la vie (CMAtlv),<sup>[1]</sup><sup>[2]</sup>

Date: 22 Jun 2022<sup>[1]</sup><sup>[2]</sup> 17:30 to 19:30

Location: Paris, France and online

Description: While progress of all kinds has increased life expectancy in recent decades, health and well-being education remains a key issue for populations. Climate change, current lifestyles and their consequences on health will be reflected in profound structural and geopolitical changes. To avoid or reduce these consequences, we must learn throughout life to behave differently in our relationship to ourselves, to others and to the planet. For the future, health education must be extended to all dimensions of life. ASPHER participating speakers included: Henrique Lopes, Catholic University of Portugal, Ewelina Chawlowska, Medical University of Poznan, John Middleton, ASPHER President.

### **ASPHER Diversity Syllabi**

Organiser: Bielefeld School of Public Health and ASPHER

In preparation for publication

ASPHER included diversity competence as one of the elements of the ASPHER 2025 strategy, endorsing the need of bringing diversity more into the focus of public health education and training. Over the past 2 years, a working group consisting of senior and young professionals from ASPHER member schools has created syllabi providing hands-on material for people engaged in public health education on health inequities, social injustices and diversity led by ASPHER Fellow Lisa Wandschneider.

### **ASPHER Survey: diversity and intersectionality in public health education**

Organiser: Bielefeld School of Public Health and ASPHER

Dates: Survey closed 29 July 2022

Location: online

Description: Online survey about public health educator's perceptions of and experiences with diversity and intersectionality in public health education. We aim to explore the current status of diversity and

intersectionality in public health education in European schools of public health. We are interested in the experiences and perceptions on this topic. The study population includes people who actively engage in public health education.

### **ASPHER Core Curriculum Update**

Organiser: ASPHER and University College Dublin

In Summer 2022 ASPHER began its review of public health core curriculum for the 6<sup>th</sup> edition of the ASPHER Core Competencies for the Public Health Professional. This is ongoing and is expected to complete in September 2023.

### **Oral Poster Presentation: Planetary Health Education in Public Health Curricula: A European Perspective**

ASPHER and University College Dublin

Date: 30 November 2022

Location: Joint Public Health Conference on Planetary Health “Healthy People, Healthy Planet” (IPH) Institute for Public Health, Ireland

Date: 07 December 2022

Location: Royal College of Physicians in Ireland (RCPI) Faculty of Public Health Medicine, Winter Scientific Meeting

Description: ASPHER Fellow Karl Conyard, University College Dublin presented the poster ‘Planetary Health Education in Public Health Curricula: A European Perspective; The Association of Schools of Public Health in the European Region’ at two recent conferences. The poster is based on one piece of the ongoing update to ASPHER Core Curriculum that Karl is working on under the direction of ASPHER Executive Board Member Mary Codd, UCD.

## **COVID-19 RESPONSE**

### **ASPHER COVID-19 Task Force**

Organiser: ASPHER

Dates: Thursdays, 9:30-10:30

Location: online

Description: Established in March 2020, the ASPHER COVID-19 Task Force meets weekly to share information on the COVID-19 pandemic situation across Europe and formulate response. The Task Force has produced a large body of statements, technical reports and paper and publishes a weekly situation report with the support of ASPHER Fellow Rok Hrzic. Publications in 2022 include:

- ASPHER Statement: Invest in primary health care and public health for the pandemic and beyond
- 2nd ASPHER Statement on the Pandemic Impacts on Health Inequalities
- COVID-19 Task Force Country Situation Reporting
- 2nd Anniversary of Covid statement and thank you
- BMJ Opinion: Is it really time to ditch the mask?
- How are inequalities in health from Long COVID being exacerbated and what are the strategic implications for more equitable support for those with enduring clinical sequelae of infection?
- Monkeypox: Did we learn the lesson from COVID-19?
- ASPHER Statement: Facing the Fourth Winter of the COVID-19 Pandemic
- ASPHER Statement: Planning for Winter 2022-23

This initiative is ongoing.

### **Seminar Series: Public Health in Times of War**

Organiser: Bielefeld School of Public Health in association with ASPHER

Dates: Wednesdays 18 May-22 June

Location: online

Description: War in Europe was widely perceived as a problem of the past. Consequently, European Schools Public Health have taught little about war and its consequences for population health. This has changed with Russia's invasion of Ukraine and the accompanying war crimes against civilians. This mini seminar series with lecturers from the European region will start to fill gaps in public health curricula which have become obvious since the start of Russia's war. When relating to the situation in Ukraine and its neighbours, and when assessing health risks, lecturers will draw explicit parallels to relevant public health challenges in other world regions, but also relevant non-war settings.

### **Seminar Series (Part II): Public Health in Times of War**

Organiser: Bielefeld School of Public Health in association with ASPHER

Dates: Wednesdays 9 Oct 2022 - 30 Nov 2022

Location: online

Description: Part II of the seminar series on Public Health in Times of War

### **Launch: Global Alliance on War, Conflict & Health**

Organiser: American University of Beirut

Date: July 1, 2022

Descriptions: The official launch of the Alliance took place on July 1, 2022, with ASPHER TF Member Samer Jabbour, as Chair of Steering Group. The launch included presentations from the President of the American University of Beirut, the Minister of Health of the Central African Republic, the Regional Director of the WHO Regional Office for the Eastern Mediterranean Region, in addition to the Alliance Chairs, Executive Directors and Alliance members. ASPHER has joined the Global Alliance as an institutional member.

### **Academic agreements supporting continuity of training in the emergency context of the Ukrainian crisis**

With support from ASPHER, member schools entered agreements on academic support to scholars from Ukraine

#### **Krakow-Rennes-Chisinau Trilateral Agreement**

A trilateral agreement on scientific, academic, cultural cooperation and development was signed at the end of June by Jagiellonian University Medical College (JUMC) in Krakow, Poland, the School of Public Health Management (SPHM) of the Republic of Moldova in Chisinau, and the EHESP School of Public Health in Rennes. The three institutions aim to foster and facilitate exchange of staff and students for teaching and research purposes, including lectures, seminars, conferences, preparing joint publications,

as well as developing various forms of exchange and mobilities, like internships or practical placements aiming to provide a proper response to the emerging challenges due to the war in Ukraine

#### **Krakow-Rennes Bilateral Agreement**

The Institute of Public Health of the Jagiellonian University Medical College (JUMC) in Krakow, Poland, and the EHESP School of Public Health in Rennes, France, institutional partners since 2005, signed a new agreement on 20 July in Krakow, to support Ukrainian refugee students and researchers by financial and operational modalities of collaboration. The cooperation between these two institutions will consist of a support programme to facilitate the integration of Ukrainian refugee students wishing to study public health at the IPH in Krakow, including the possibility of taking modules or doing internships at the EHESP. Academicians from Ukrainian higher education institutions, including also refugees, will benefit from this, particularly if they wish to initiate or continue their scientific research related to public health problems at the IPH in Krakow, or make short stays at the EHESP in Rennes. Financial support will be provided to Ukrainian students or researchers who have refugee status to help them continue their studies or scientific research in public health.

#### **ASPHER Statement: 5 + 5 + 5 Points for Improving Food Security in the Context of the Russia-Ukraine War. An Opportunity Arising From the Disaster?**

21 September 2022

Authors: Henrique Lopes and Jose Martin-Moreno

The situation triggered by the war initiated by Russia in Ukraine, in addition to the widely known impacts that it has directly on the affected populations, has consequences that affect to almost the entire world population. The effects are verified either through increases in the reference prices of commodities, or by occasional ruptures in the supply chains, all of which contribute to the worsening of the economic and social conditions of most of the people.

## **CLIMATE AND HEALTH**

### **EUHPP Thematic Network Climate and Health in Europe Webinar**

Organiser: ASPHER<sup>[1]</sup><sub>[SEP]</sub>

Date: Tuesday 11 January 2022, 15.00 - 16.45 CET

Location: online

Description: Following the joint meeting with the European Commission, the purpose of this webinar was to start drafting the themes of the EUHPP Thematic Network joint statement.

### **EUHPP Thematic Network Climate and Health in Europe Webinar**

Organiser: ASPHER

Date: Friday 11 March, 15:00-16:15 CET

Location: online

Description: Since receiving your input for key themes and messages, ASPHER has been working towards a draft joint statement conveying a one-voice view on climate action through education and training of public health professionals. During the third webinar of this thematic network, the floor will be open to comments on the draft statement.

### **The green track conference:**

#### **Protecting nature and biodiversity to protect our health? The Youth Voice**

Organiser: Young European Leadership

Date: 12 May 2022

Location: online

Description: This event aims at providing information on the concrete impact of climate change on our societies, and what actions can and should be taken through a design thinking workshop. Youth involvement will be central in taking concrete actions, which is why it is important to involve everyone in these discussions. ASPHER Fellow Tara Chen spoke on *Climate and Health competencies for Public Health*.

## **Launch: Climate and Health Joint Statement at EU Health Policy Platform annual meeting**

Organiser: EU Health Policy Platform

Date: Thursday 5 May

Location: online

Description: The Joint Statement by the ASPHER led EU Health Policy Platform's thematic network on "Climate action through public health education and training" will launch on Thursday 5 May at the EU Health Policy Platform annual meeting. ASPHER President John Middleton will be at the meeting to present the statement "Moving towards the right to 'health for all' by training the public health and wider health workforce on climate change and health".

## **ASPHER Working Group on Climate Change and Health**

Organiser: ASPHER

Date: Wednesday 15 June at 17.00-18.00 CEST kick off

Location: online

We would like to invite interested members to join the working group. This first orientation meeting established the working group on Climate Change and Health. This is an ongoing ASPHER WG. <https://www.aspher.org/asphera-climate-action-through-public-health-education-training.html>

## **ASPHER Climate-Health Networking Event**

Organiser: ASPHER

Date: 7 Jul 2022

Location: Brussels, Belgium

Description: An in-person networking event at the ASPHER headquarters in Brussels to build on the Climate and Health joint statement and explore next collaborative steps.

## **Launch webinar: The 2022 Europe report of the Lancet Countdown on health and climate change: towards a climate resilient future**

Organiser: The Lancet Countdown

Date: 27 October 2022

Location: online

Description: The 2022 report of the Lancet Countdown is published as the world confronts profound and concurrent systemic shocks. Countries and health systems continue to contend with the health, social, and economic impacts of the COVID-19 pandemic, while Russia's invasion of Ukraine and a persistent fossil fuel overdependence has pushed the world into global energy and cost-of-living crises. As these crises unfold, climate change escalates unabated. Its worsening impacts are increasingly affecting the foundations of human health and wellbeing, exacerbating the vulnerability of the world's populations to concurrent health threats. ASPHER Fellow Rana Orhan Pees was an instrumental contributor to the EU policy brief and was on hand to speak at the launch event on 27 October 2022.

## **Launch webinar: Climate change and health - crisis, heat stress, infectious disease threats: Health impacts and solutions in Europe**

Organiser: EU Health Policy Platform Webinar

Date: 1400-1500 CET, 9 November 2022

Location: online

The climate crisis is increasingly affecting our health and wellbeing. Developed under the European Climate and Health Observatory initiative, the new European Environment Agency report 'Climate change as a threat to health and well-being in Europe: focus on heat and infectious diseases' puts these two threats in sharp focus, and it outlines solutions in policy and practice. Coinciding with the launch of the report, this online webinar will provide you with the report's key findings, and with insights into related EU policy responses and developments. You will also have the opportunity to discuss ways of minimising climate-related health threats through more resilient health systems, and adaptive actions in health sector and other policy areas. ASPHER immediate past-President John Middleton participated as a speaker at the event.

## **OTHER ACTIVITIES**

### **World Health Summit**

Organiser: WHO

Dates: 15-17 October 2022

Location: Berlin, Germany

Description: ASPHER Director Robert Otok joined the World Health Summit along with Professor Henrique Lopes and Head of school Ricardo Baptista Leite from Catholic University Lisbon School of Public Health who debated gamification for health policy together with the UNITE Parliamentarians Network for Global Health. ### **ASPHER Undergraduate Network Working Group**

Organiser: ASPHER and Fulda

Description: Working group to address specific needs and requirements of Undergraduate programmes in public health and their students. The WG is an ongoing initiative and meets regularly.

### **ASPHER Working Group on Economic Evaluation in Healthcare in Europe**

Organiser: ASPHER and University of Maastricht

Description: The ASPHER Working Group EEHE was launched on 2nd of July, 2019. The ultimate goal of the group is to establish the current status, future needs and good practices in teaching healthcare economic evaluation in Europe. The focus is on both course content and educational approaches, also encompassing the exchange of best practices and know-how. The group activities help to diffuse knowledge on healthcare economic evaluation or public health programmes, including economic evaluation as a core element. This is an ongoing initiative.
