28. Start date of the Academic Year: September

29. Date of the Exam period in your Institution: Dec/Jan, April/May

30. Mission statement:

Focusing on solutions

We use our industry expertise to ask the right questions, find answers, and influence public policy, innovation and growth.

Shaping tomorrow today

We are applying our valuable research to build a stronger, safer and more sustainable future for everyone by focusing on the issues that matter today, such as low-carbon alternatives, data security, public services and cultural equality.

Growing innovation and business

Accelerating small-business growth, breaking down barriers and creating unrivalled opportunities for entrepreneurs to innovate and thrive – that is what we are all about. Here at the University of Derby, we are closing the gap between research and impact to make a real difference.

Partnering for impact

We are investing in our global future, partnering with sector-leading businesses to drive innovation and create a collaborative environment where research has real impact and graduate talent can flourish.

Powering the next generation

We are powering the next generation of thinkers, innovators, makers, creators and leaders. We are an industry-connected university and we put our students in front of leading global and national brands such as Rolls-Royce, Toyota and the NHS.

A civic (and global) university

We are rooted in our city and region. Through our Civic University Agreement, we are supporting our communities and playing a key role in the long-term prosperity of the city of Derby and the county of Derbyshire.

We know our local industries and communities and are passionate about using our knowledge and resources to support them - from helping local businesses to decarbonise, to training our region's public service providers.

We think globally, too. From coral reef restoration to reducing global warming, we work with partners around the world to foster innovation, develop impactful research and promote growth.

31. Source(s) of Funding: Publicly funded

32. Ordinary Budget in Euros: **XXX**

33. Statute of your institution (University/Non-university structure, Public/Private):
Public University

34. Programmes provided by your institution (name and duration for each, attach
