

Ben-Gurion University
of the Negev

**PROF NADAV DAVIDOVITCH,
Ben Gurion University of the Negev, Israel**

Candidate for ASPHER Executive Board

Standing for re-election 03 May 2023
ASPHER General Assembly
Rome, Italy

Prof. Nadav Davidovitch, MD, MPH, PhD, is an epidemiologist and public health physician and Head of Ben Gurion University of the Negev's School of Public Health. In the past, he has served as Chair of the Department of Health Systems Management at Ben Gurion University and the Center for Health Policy Research in the Negev. In addition, Prof. Davidovitch is Chair of Health Policy Program, Taub Center for Social Policy Research and Chair of the Public Health Forum in Israel. He is a member of several international committees and scientific associations with a strong focus on social epidemiology, health policy, health inequities, migration and health and public health ethics.

Nadav Davidovitch ASPHER Executive Board Manifesto

I would like to propose myself for ASPHER EB re-election. During the last few years I served as EB member I became involved in several ASPHER initiatives, among them: COVID19 Task Force (now serving as chair), SEEEPFI ERASMUS+ capacity building project (Sharing European Educational Experience in Public Health for Israel), Core competencies in applied infectious disease epidemiology as well as representing ASPHER in other activities including collaboration with APHEA, ECDC, WHO-Europe, EUPHA and the promotion of collaboration within the middle east context. If re-elected I plan to continue these activities, in the context of the post-COVID new normal period, adapting our lessons from SEEEPFI to the broader European context and strengthen the Israeli activities within ASPHER. As recent recipient of ASPHER research excellence award with special emphasis on health inequalities, I plan to deepen ASPHER engagement with health inequities, with strong emphasis on the role of climate change.
